# Supply Chain Mapping

First-of-its-kind mapping of the **Hydrogen Supply Chain in Europe**

- 150 participating members to date
- The mapping is meant to enable members to gain
  - ✓ an overview of our supply chains
  - ✓ visibility for their own activities, and to
  - ✓ identify potential business, consortia or project partners

Only participating members will have full access to the mapping.

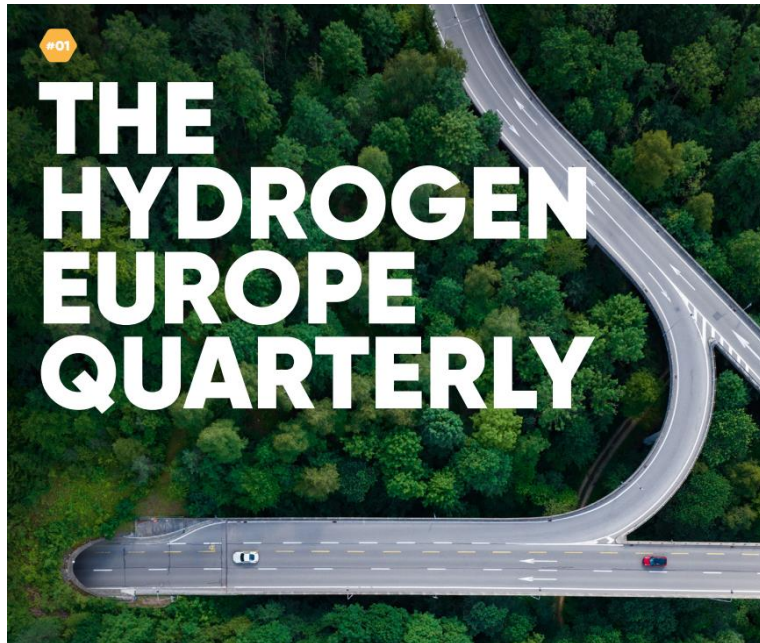

# H2ero Net Zero Update

For Hydrogen Europe members only

Amplifying voices: Through our communication channels, website and newsletters, we can **share and support the successes and activities of our members**, so your achievements will be heard in the hydrogen sector.

Keep up to date with all the news that are “fit to print” about hydrogen by following us on our **social media**, via our news portal, newsletters and our Podcast: Hydrogen, the first element.
